Instructions

1. Duration: 1 hour.
2. No materials allowed besides pens and pencils. Paper will be supplied for rough working.
3. No partial marks awarded. This includes the "+ C" for indefinite integrals: if an appropriate constant is not included then you will get zero.
4. A prize of $25 will be given for solution of the prize question, with the tie-breaker for multiple correct answers being the total number of points.
